Pete - For the annual meeting, please accept this summary of activity for the GWE Architectural Integrity Committee during calendar year 2023 to date.

- Jan. 22nd - AIC formation for 2023 - David Erb, chair; Albert (A.T.) Donnon; Dustin Craft; and, Jay Cheney.
- Feb. 28th thru March 21st - Austin and Natalie Ruggeri - prospective owners of Lot 14 on Paintbrush Place - they floated the idea of building a pole barn prior to initiating any activity on a house - ultimately that idea was shot down by the Lake County Building Department, as residential zoning does not allow permitting of a garage or storage building only (no home) on a residential lot
- July 10 thru July 16th - Peter Day and Lynn Tennyson - 27 Daisy Drive - restricted emergency access roadway from the existing home to County Road 99 - approved.
- April 2nd thru August 3rd - Bob Littig and Wendy Sallustio - 121 Paintbrush Place - detached garage - AIC reviewed several conceptual plans and provided initial feedback.
